

Northern Sydney Health District Neuroscience Consumer Survey

The Northern Sydney Local Health District Neuroscience Network is interested in reviewing how consumers find out about, access and utilise neurological or neurosurgical care. It is important for the network to know consumers' thoughts on services (what is working well, what is not working well, what is missing) when planning for neurological and neurosurgical service provision into the future. We very much appreciate you sharing your thoughts in this anonymous survey below.

1. What Suburb do you live in?

2. Have you or a family member been diagnosed with a neurological or neurosurgical condition? If so, what condition?

- Multiple Sklerosis
- Motor Neurone Disease
- Stroke
- Tumor in Brain or Nervous system
- Parkinsons Disease
- Epilepsy/Seizures
- Genetic Movement Disorder
- Other
- Other (please specify)

3. Are you a carer or do you have a carer?

- I am caring for someone
- I have a carer

4. Please tell us some Health Services relative to your condition that are available for you or your family member in your local area. (Clinics, hospital services, community services, private therapists or clinics,...)

5. Do you use any of these services?

- Yes
- No
- if yes, which ones?

6. Are there things that need to be improved with any services you are using?

7. How do you find out about Health Services you may need?

- Internet
- GP
- Hospital
- Family or Friend
- Newspaper
- Other (please specify)

8. Is there a service that you feel is needed or missing?
